BRODHEAD

ROBERT CASS and Brack Durham went to Liberty, Sunday on bicycles.—Albright Bros., who live near here, unloaded a new traction engine and thresher outfit here a few days ago, and are busy threshing buckwheat in the Quail section.—F.F. Robins, of the Copper Creek section, one of the best farmers and stock raisers in the county, bought a fine registered hog at the sale of Paul Finch, in Lincoln county, and will keep this hog on his farm with the hope that his neighbors will be benefitted thereby, and will endeavor to get stock hogs instead of those they now have. The hog is a Duroc Jersey.—Paul Leece is at home from Detroit, where he had a position for several months.—Mr. and Mrs. B. T. Young and family were recent visitors of Rev. and Mrs. H. T. Young, at Mt. Vernon.—Mr. and Mrs. D. H. Cotton, and little son, Estel, were in Pine Hill, Sunday, with relatives.—A number from here went to Mt. Vernon to see the basket ball game between Mt. Vernon and Brodhead, last Friday.—Mrs. D. B. Southard, of Stanford, was the guest of her mother, Mrs. S. A. Barnes and other relatives here

the first of the week.—The Rev. A. B. Potorf filled his regular appointment at East Bernstadt, Sunday, and remained over on account of the quarterly meeting that is being held there this week.—Mr. and Mrs. A. M. Hiatt and Dr. and Mrs. W. F. Carter motored over to Stanford, Friday night, to attend the Coburn's minstrel.—Miss Lou Philipps was the guest of her cousin, Miss Miranda Tate, Friday.—Miss Philipps left for North Dakota, Tuesday.—Mrs. O. W. Turpin was the guest of Mrs. Wm. Owens, at Livingston, last week.—Considerable interest is being shown in what the outcome of the well drillers will be, it being said that the indication to strike oil was never better. This well is being put down on the Frith Bros. land. A number of strangers, supposedly those interested in the oil business, have been here from time to time, no one having an idea of their business. The well is now down more than 300 feet.—A wedding took place here Wednesday evening of last week, and as it still remains a secret we will hold the names of the contracting parties for fear some one will get in trouble because they let the "cat out"; but we really think the parties had as

well "fess" up and not hinder congratulations longer.—Mrs. James Brummett died at her late residence, just south of town, Tuesday afternoon, after a lingering illness of several months.—A revival is in progress at the Christian church, conducted by the pastor, Rev. R. B. Baker, and assisted by the Rev. Raymond Sherrer, of Corbin. Mr. Sherrer is an able and forceful speaker and the public is cordially invited to hear him and take part in these services.

WITHERS

C. E. Mullins is in Jackson this week.—The series of meetings that was held at Red Hill has just closed with only three additions to the church by letter.—Jack Mullins, of London, was through this part the first of the week and spent Monday night with J. H. Mullins.—Mr. and Mrs. Tom Allen, of Paint Lick, are here visiting the latter's parents, Mr. and Mrs. Thomas Daugherty. Rosco Anderson, after a week's visit with relatives here, has returned to his home at Winchester. He was accompanied home by his uncle, F. W. Anderson.—Misses Ollie and Sarah B. Roberts and Addie Helton, were the guests of Misses Sallie, Ada and Ressie Mullins, Saturday night and Sunday.—Mr. and Mrs. Ed Robertson and children, visited the latter's father, Sunday night, and attended church at Red Hill.—Mrs. F. F. Bullock has returned from a visit to her mother at Corbin, Mrs. W. S. Robertson, who is very sick. She was accompanied home by her daughter, Miss Grace, who had been with Mrs. Robertson for some weeks.—Died: the infant child of Mr. and Mrs. Newton Durham, of whooping

cough. Weep not dear parents, for the little one has gone where there will be no more suffering pain nor death.—Most all the children of this part that have whooping cough are getting better.—Misses Nell and Grace Bullock were guests of Miss Lillie Mullins, Sunday.—There will begin a series of meetings at Cave Ridge, Saturday, and will be conducted by Rev. Ponder.—Dean the little son of J. H. Mullins, who was reported sick last week, is improving some.—L. B. Lewis, the stone mason of this place, is building a chimney for Melvin Barnett.

SLOAN'S LINIMENT FOR NEURALGIA ACHES

This dull throb of neuralgia is quickly relieved by Sloan's Liniment, the universal remedy for pain. Easy to apply; it quickly penetrates without rubbing and soothes the sore muscles. Cleaner and more promptly effective than musky plasters or ointments; does not stain the skin or clog the pores. For stiff muscles, chronic rheumatism, gout, lumbago, sprains and strains it quickly gives relief. Sloan's Liniment reduces the pain and inflammation in insect bites, bruises, bumps and other minor injuries to children. Get a bottle to-day at your Druggist, 25c.

Farmers' Improvement Club

The farmer's improvement club and school fair at Cave Oct. 11 was a success in every particular. Robert F. Spence County Agent and Mr. Collins Agent of Eastern Kentucky were present and made talks on farming. Mr. Collins also made a lecture at night, in which he stated our fair was as good as nine tenths of the county fairs. Below is a statement of exhibits which won first and second prizes.

Do You Remember

When you were a little fellow at school—remember how proud and independent you felt the few times you knew your lesson—even loved your teacher?

'Twas pretty hard to stop playing to study—but it didn't take long, and you were happier all day. Things haven't changed much.

You are still in school—but ARE YOU studying the lessons of your business life? The problems are pretty hard—the hours are long, but most teachers are patient and really want to help you. LEARN the lesson of SAVING—its the A B C of BUSINESS and X Y Z of HAPPINESS.

"Intervention."—What is it?
"What you may call it," is a
trite way of saying "Call it what
you please" it makes no differ-
ence, as to what it is.

Mr. Wilson's policy toward
Mexico is not well pleasing to
militarists and "Jingoes," who
have thus far been unable to
force the government into war
with Mexico. Nothing so far has
been done, by our government
that may actually be classed as
"Intervention" yet it seems that
those who say it is have favored
actual war, and now blame the
administration for at least three
acts of "Intervention."

Because the government has
ordered a large force to occupy
a long line of military operations
on Mexican soil, without bring-
ing on a war. Mr. Wilson's op-
ponents are twining him with be-
ing effeminate and vacillating.
"Effeminacy" is not the word
used but "Ladylike" as a Louis-
ville morning paper puts it, be-
cause forsooth. The Ladies Home
Journal has been made the med-
ium thru which Wilson's acts
in this regard have been pre-
sented to the readers of that Journal.

There is nothing specially bad
or impolite in speaking of the
president as being "Ladylike"
and when we come to think of it
there is a valid and important
reason for any thing favorable to
him appearing in said Journal.
There are many states where
women vote, and so many mil-
lions that want to, and expect to
vote in the near future, that it
may be said to be a very wise
thing for a campaign manager to
say pleasant things about Mr.
Wilson thru its columns.

Of course no man or grown up
boy likes to be called "Sissy" or
"Ladylike," yet it's not so bad
after all to have some of the
gentler qualities that ladies pos-
sess, even some may make fun
of us.

Intervention may come in
more than one way, without be-
ing an act of war.

Crossing the Mexican border
with an armed force as has been
done, in pursuit of marauders and
bandits and penetrating to the
very center of the Mexican re-
public, if you please was not in
this instance been an act of war.
"A show of force" is time was
necessary to lead "gringo" haters
to keep in the back ground
while American and Mexican
troops cooperated in pursuit of
the anti Caranzistas headed by
the arch bandit Villa.

The movement has evidently
brought about a less strained re-
lation between the two govern-
ments and has shown to some
not very friendly Mexicans that
Uncle Sam does not want to
subjugate Mexico, nor injury or
oppress our border neighbors.

Shorn of diplomatic "red tape",
Pershing pushing into Mexico,
was a legal well defined executed
movement to teach Mexico a val-
uable lesson, and in the mean
time protect American life and
property on the frontier.

The special charge of inter-
vention is based on a statement
said to have been made by the
president viz. "To use the power
of U. S. to determine the charac-
ter and methods of Mexico polit-
ical institutions" and the change
goes on,—"that the president
has not interfered once but twice."

Intervention may be of a friend-
ly sort seeking to make peace
between individuals in strile or
nations at war.

Intervention is proper and
right if blood shed and the hor-
rors of war may thereby be
prevented.

If all the neutral nations now
at peace with all nations would
combine and cease to furnish the

means of prolonging the war pe-
ce would soon be made but it
seems that the militarists and
those opposed to the president's
policy indicate even now, that
the policy that should have
been pursued was to declare
war on Germany and her allies.
"Let us have peace," and stand
by every force that stands for
Peace on Earth good will to
men.

OUR BOONEWAY MAN —Winchester

[Delayed from last week.]
Victor Beck, who was at one
time a drug clerk in Mt. Vernon,
was a visitor in Winchester, last
week. He is a post office in-
spector in charge of sixteen
counties. His family is located
at Frankfort.

Winchester attendants of the
circus at Richmond last week
say they met quite a number of
old grey headed fellows at the
show who were eating peanuts
and popcorn along with the boys.
It is not believed "H. J." from
Mt. Vernon, was one of them
as he was no doubt too busy
watching the elephants and sea
lions perform.

Major G. M. Adams, (little Mat)
several times Democratic Con-
gressman from Barbourville, is a
resident of Winchester.

There are quite a number of
mountain men in Winchester and
many others who own fine big
farms out in the country.

The big three story brick busi-
ness building, 100 by 140 feet,
being built by the wholesale firm
of Mahan Grocery Co., on north
main street, is progressing nicely
and is to be completed by
December first, by the contrac-
tors under a forfeit of \$100. per
day. This grocery firm are con-
nected with the large business
houses of the Jellico Grocery Co.,
and most, if not all the members
are mountain folks from Whitley
county, with a reputation of solid
and enterprising people.

The contract for marking
Boone Way, the Jackson High-
way and the Midland Trail thru
Franklin county was let as Frank
fort last Thursday. All these
highways use the same route
from Lexington to Louisville, and
the telephone poles on which
the markings will be placed
will have somewhat the appear-
ance of barber poles with its
various colored belts on printed
bands in addition to the letter-
ing.

The routing of the Kenton,
Ohio divisions of Boone Way
from Boonsboro north is pro-
gressing.

The class of roads, in Clark
county, under reconstruction is
water bound macadam. Their
manner of construction usually
consists of the spreading three
courses, or layers, of limestone.
The first, or rough course being
of crushed stone, size from three
to three and one half inches, from
portable crusher, placed in quar-
ries along the line of road. The
second course is from two to two
and half inch in size. The third
course is of screening and stone
up to a quarter and half inch.

Each course is watered sepa-
rately, by a sprinkler from a tank
mounted on wheels, and rolled
by a ten ton steam roller, every
course is given a separate and
thorough rolling until it is per-
fectly smooth and when finished
the road bed is as smooth as the
traditional "floor," but not so
level, for the reason the road is
made with a "crown," higher in
the middle than at the sides, so
as to carry off the rains like a
roof. The pitch being in oval
form, and is usually five or more
inches higher in center of road
than at sides, where it is rolled
down to feather edge.

The usual speed made is about
one mile per month by each
force or gang. Two gangs are
engaged on state aid work. Each
gang consists of about 25 men,
ten teams etc. The county has
other gangs at work on its various
roads.

The amount of crushed stone used
per mile, for a fourteen foot
spread, runs from 1,000 to 1400
cubic yards, depending on the con-
dition of the old road bed under
reconstruction. The cost of this
reconstruction varies on account
of the varied conditions of road
bed, and runs from \$1.600 to \$2-
250 per mile.

The county has one "force" on
state aid work and a "contract"
force on another state aid road.

The county has been doing its
portion of the construction at a
lower rate than the contract force,
tho there are a number of ad-
vocates who prefer contract work
in preference to force account.

All crushed stone, used, is
weighed on wagons and 18,000
pounds is considered a cubic rod
or 2160 pounds per cubic yard.
It is claimed by experienced stone
workers that limestone of the
various classes, varies in weight
and runs from 2,300 to 2,800
pounds per cubic yard.

The county pays its force weekly
and contractors get their pay
monthly, and the state aid comes
usually when road is completed
or i. forthcoming for that por-
tion of the road which is com-
pleted in the fall when work is
discontinued on account of freez-
ing weather, as the material
(stone) will not "bond" (stick
together) during cold or freezing
weather, and construction is dis-
continued until the opening of
spring.

Ten miles of state aid work have
been completed, in Clark county,
this year, leaving four miles to
be completed between this and
closing down time.

A State Road Inspector is as-
signed to each county where
state aid work is being done. He
has supervision of construction,
keeping account of all work done,
listing all material used or pur-
chased; pay rolls of forces etc.
making daily reports of same to
Division engineer, who usually is
in charge of from ten to fifteen
or more counties, following up
the daily reports with itemized
statements ect semi-monthly.
The system used in double
checking reports prevents error
and next to impossible to put
any thing "over" on commis-
sioners office by any one with
out it being discovered.

The road laws yet need some
amendments and changes to im-
prove the application thereof,
much of which is expected to be
booked and presented for the
consideration of the next legis-
lature.

Weeding Out a Practice of Modern Shops

What Type of Man is Usually
Picked for the
"Lay Offs?"

When business is poor, the
market crowded or the season
dull, in no matter what the "weed-
ing out process" is common, and
the great army of employed never
know how soon the "axe" will
fall.

Have you ever stopped to con-
sider what type of man or woman
is first for the "lay off." It is
the strong, robust fellow, fellow
with plenty of energy and vigor
in his make up or is it the nervous
weak, rundown individual, who
considers work a drudgery and
continually complains of feeling
sick and tired. Of course, you
will agree that it is the latter
class that succumbs to the "weed-
ing out process."

The employer realizes that the
physical fit man or woman is the
most efficient worker.
As efficiency is the watchword
of modern industry, there is no
place in the present day business
world for the nervous, rundown
man or woman.

All depends on the condition of
the nervous system as the nerves
govern absolutely every process
that goes on within our bodies.
Nearly all functional weakness
and disorders can be traced to
weak nerves and depleted vitality.

Every great man of history—
every successful man of the day
is possessed of more than an
average amount of energy. Some
have been especially endowed
with this wonderful quality, as
were Lincoln, Napoleon, Morgan,
Rockefeller and others; and
some developed it as did Glad-
stone and Roosevelt.

Were it possible to chronicle
all the failures, not due to lack of
brains, but to lack of physical
vitality, there would be a list so
long as to startle the world.

Tanlac, the new reconstructive
tonic, stimulates the nerves
it does even more—it builds up
the tissues, invigorates the sys-
tem, vitalizes the blood assim-
ilates the food, creates appetite,
drives away headaches, sleepi-
ness, nausea, sour stomach, dizzi-
ness and indigestion. Tanlac has
proven invaluable for ailments
that originate from stomach, kid-
ney and liver disorders and cat-
arrhal affections of the mucous
membranes.

Tanlac, the ideal reconstructive
tonic, is being especially in-
troduced in Mt. Vernon at R. H.
Miller, also at Central Drug
Co., Livingston, and John
Robins' Drug Store, Broadhead
W. M. Owens' store, Burr, Line
Bros., Crab Orchard, S. E.

Son, Bee Lick, where the Tanlac
man explains its merits.

ORDER TO CALL ELECTION ON STOCK LAW.

Whereas, a petition was on the
4th day of September, 1916, filed
with the County Court Clerk of
the County, signed by more
than twenty legal voters of vot-
ing precinct No. 13 (Wildie), in
Rockcastle county, asking the
submission of the question,
whether cattle or any species
thereof shall be permitted to run
at large in said voting precinct. It
is now ordered by the court that a
poll be opened in said voting pre-
cinct at the next general election
to be held in said precinct on the
7th day of November, 1916, for
the purpose of ascertaining the
will of the voters of said voting
precinct upon said question.

BAD COLDS FROM LITTLE SNEEZES GROW

Many colds that hang on all
winter starts with a sneeze, a
sniffle, a sore throat, a tight
chest. You know the symptoms

treatment will break them up.
Dr. King's New Discovery,

sams, has been breaking up colds
and healing coughs of young and
old for 47 years. Dr. King's New

clears the head, soothes the ir-
ritated membrane and makes
breathing easier. At your drug-

WHAT REPUBLICAN SAYS.

Tho I am not a Democrat, I
shall vote for Wilson. No other
president since Lincoln has been
confronted with such interna-
tional problems. Any other
cause than he has pursued
might have drawn us into war.
He has been patient and "persist-
ent in the pursuit of peace. We
must judge him by that supreme
achievement, and credit can not
be taken from him by his op-
ponents who so easily criticize—
after the event.

We are not crossing a stream,
but a torrent, and I see only
danger in swapping horses now.
Because Wilson, thru four years
of anguish, is more acquainted
than Hughes with all cross-cur-
rents of our foreign relations, he
should be re-elected. It is no
time to experiment with even an
honest amateur in foreign affairs.
The problems which will confront
the world after the war will be
monumental, and to Wilson should
be given the opportunity of trying
to bring some order out of the
chaos. I am convinced he is so
generally a lover of peace that he
will follow up rigorously the
classes which he had inserted in
the naval appropriation bill, giving
him power to work toward
international disarmament thru a
world tribunal.

Much as I respect Hughes as
a man, he goes before the country
without an issue. He is merely a
critic. He has shown no con-
structive alternatives, and a-
bove all, he carries no conviction
in his speeches that had he been
president, taking other methods
than Wilson, he would have kept
the country out of war. Nor can
he detract one iota from the re-
cord of progressive legislation
enacted under the present ad-
ministration. I cannot support
a supposition. I shall vote for a
man who has had the responsibil-
ities and who has stood the
gaff.

INVENTOR IS FOR WILSON.

New York, October 15.—E.
Gybon Acheson, inventor, who,
in his own realm, probably ranks
second to Thomas A. Edison, to-
day announced his departure
from the ranks of Republicanism
to join the forces of President
Wilson. Dr. Acheson is a mem-
ber of a family which has voted
the Republican ticket since the
origin of the party.

HOW CATARRH IS CONTRACTED

Mothers are sometimes so
thoughtless as to neglect the
colds which their children con-
tract. The inflammation of the
mucous membrane, at first acute,
becomes chronic catarrh, a dis-
ease that is seldom cured and
that may prove a life's burden.
Many persons who has this
loathsome disease will remem-
ber having had frequent colds
at the time it was contracted.
A little forethought, a bottle of
Chamberlain's Cough Remedy
judiciously used and this trouble
might have been avoided. Ob-
tainable everywhere.

goric, Drops and Soothing Syrups. It is pleasant. It
contains neither Opium, Morphine nor other Narcotic
substance. Its age is its guarantee. It destroys Worms
and allays Feverishness. For more than thirty years it
has been in constant use for the relief of Constipation,
Flatulency, Wind Colic, all Teething Troubles and
Diarrhoea. It regulates the Stomach and Bowels,
assimilates the Food, giving healthy and natural sleep.

You Need a Tonic

There are times in every woman's life when she
needs a tonic to help her over the hard places.
When that time comes to you, you know what tonic
to take—Cardui, the woman's tonic. Cardui is com-
posed of purely vegetable ingredients, which act
gently, yet surely, on the weakened womanly organs,
and helps build them back to strength and health.
It has benefited thousands and thousands of weak,
ailing women in its past half century of wonderful
success, and it will do the same for you.

You can't make a mistake in taking

CARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark.,
says: "I think Cardui is the greatest medicine on earth
for women. Before I began to take Cardui, I was
so weak and nervous, and had such awful dizzy
spells and a poor appetite. Now I feel as well and
as strong as I ever did, and can eat most anything."
Begin taking Cardui today. Sold by all dealers.

W. J. Sparks has been numbered among the sick for the past week.

Mr. and Mrs. W. B. Reinke were in Louisville during the week attending the Grand opera.

James Maret returned to Winchester, yesterday, where he resumes duty of road inspector.

G. J. Riddle of East Bernstadt, passed through Tuesday enroute to Nicholasville to visit his sister.

Mrs. R. E. Thompson and granddaughter Cora Lee of Crab Orchard, were with Mrs. Thompsons mother, Mrs. W. M. Poynter, Tuesday.

Mrs. W. J. Sparks and Fanny Adams are in Middleboro at the bedside of their sister, Mrs. Jones who is very low and not expected to live.

Mr. and Mrs. J. W. Brown spent the week in Louisville. Mr. Brown represented the local lodge at the Grand lodge of Kentucky Masons.

Mrs. J. T. Hackley, of Lincoln county, a sister of James Maret, with two of her sons, Thomas and Maret, were here Monday to attend the funeral of Mrs. Mollie Maret.

J. J. McCall, of Mareburg, is a very sick man. Mr. McCall, has had trouble of a cancerous nature for several years. A few weeks ago he had an operation performed which is not proving satisfactory. On last Tuesday he called for Rev. H. T. Young to come to his home and administer to him the sacred rites of baptism.

L & N EXCURSION RATES

Round trip Lexington \$3.15 Oct. 14th and 15th, limited to Oct. 21, account Laymen's Forward Movement Congress, Lexington District M. E. Church.

The Sock social at the Masonic Hall last evening was both enjoyable and profitable. The Willing Workers realized something over \$33. Cake and ice cream was served.

Senator J. C. W. Beckham will speak in Mt. Vernon Monday in the interest of Wilson and the Democratic ticket. Gov. McCreary will not be here as formerly announced, Senator Beckham coming instead.

Word reached us this morning announcing the death of Dan Chenault at his home in Richmond yesterday of Bright's disease. Mr. Chenault was well known here and had many friends in this county.

J. B. Livesay sold to F. F. Hensley last week a pair of mules for \$440. These mules were bought for the Straight Creek Coal Co and were two of the best ones that have gone out of the county in many months.

The score stood 29 to 29 in the Basket Ball game played on the Mt. Vernon grounds last Saturday between Brodhead and Mt. Vernon. Both sides played good ball and the score indicates that the teams are very evenly matched.

SPEAKING.

Judge R. G. Williams will speak at Wildie, Thursday, October 26th, at 1:30 p.m., and at Brodhead at 7 o'clock the same day. Judge Williams can only be in the county the one day and will therefore make only the two speeches in the county.

There has been very little excitement along the oil line the past week. The Cummins well is now down 1050 feet with no new development. It is possible this well will soon be abandoned and drilling begun at another place. Wells are also going down near Brodhead and in Scaffold Cane section.

POSTPONED.—The inspection tour over the East Dixie Highway from Cincinnati to Chattanooga, consisting of officials and friends of the road with fifty machines, set to take place this month, has been postponed until next year. This decision was reached after a scouting party of machines were sent over the route from Chattanooga to Cincinnati last week, which reported the condition of the highway had not reached a sufficient degree of completion to justify the trip. It will be made probably in the early spring.

Teddy Did Not Stop

The crowd, estimated at 500 or more, including voters of both political parties, women and children, who had endured the soaking rain for more than an hour, eagerly waiting to get a glimpse of "Teddy", were rewarded only to see the train which carried him into Louisville rush by at the rate of about forty miles an hour. It was a disappointed crowd and they had a right to be. Mr. Roosevelt was not to blame but somebody was and even though this special was late, and there was an engagement in Louisville to be filled, yet the people at the little towns along the way where announcements for stops had been made, were entitled to more consideration. It is true Teddy is only a man, yet those who have never seen or heard this noted American character, are anxious to see him and see just what he looks like. People came from Pulaski, Lincoln, Jackson and Laurel counties, some traveling as much as fifteen miles to get a glimpse of the Ex-President, and the failure to see him was a sore disappointment to them.

CALLED AWAY.

On Sunday morning, October 15th, 1916, the spirit of Mollie Myers Newcomb Maret made its flight "over the river" to "rest under the shade of the trees", "on that beautiful shore". One of God's noblest women was called home. Her life was spent in rendering loving service to her family, which she ever kept in mind under all conditions and circumstances. Her health was not good for many many years, but she fought nobly and never shirked a duty. On May 11th, 1916, she was stricken by nervous prostration, from which she was confined to her bed until relief came when the death angel arrived on that Sunday morning and carried her tired spirit to realms beyond the skies.

James Maret and Mollie Newcomb, eldest daughter of M. P. Newcomb, were married on October 10th, 1880, in the Christian church, Mt. Vernon, and have spent their lives in the old home town.

Beside the husband, one son, Lloyd, and a grandson, John James Maret, are left to fight life's battles without the love and wise counsel of a devoted wife, mother and grandmother.

Like the bereft husband, his brothers and sisters, seven in number, each have lost their life partners by death, with the exception of Mrs. J. F. Hackley, of Lincoln. All the brothers and sisters are living, tho scattered from Virginia, and Texas to Alaska.

Beautiful services were held at the residence, conducted by the Rev. H. T. Young, in which he depicted the beautiful and unselfish life of her who had been called away.

Elmwood Cemetery now contains another inhabitant which will, ere long, be joined by one who, but for the words of the Book and the good man who spoke on that dark day, could see little reason for continuing to live. The burial will take place tomorrow at the Brannan burying ground at Wildie.

Rube Abney, a son of Taylor Abney shos and killed Tom Linville, son of W. M. Linville near Scaffold Cane church house last Saturday. The trouble was the result of an old grudge which has existed for six years. Abney surrendered and has been under guard awaiting examining trial which will be held to day. We understand there were several eye witnesses, yet none of them have made any statement so far as we have been able to learn. The families are closely connected by marriage and are prominent people of the East side.

ORDER TO CALL ELECTION ON STOCK LAW.

Whereas, a petition was on the 4th day of September, 1916, filed with the County Court Clerk of the county, signed by more than twenty legal voters of voting Precinct No. 4 (Scaffold Cane), in Rockcastle county, asking the submission of the question, whether cattle or any species thereof, shall be permitted to run at large in said voting precinct. It is now ordered by the court that a poll be opened in said voting precinct at the next general election to be held in said precinct on the 7th day of November, 1916, for the purpose of ascertaining the will of the voters of said voting precinct upon said question.

VICKS' VAPORUB SALVE

In over a million homes they know

At some time every woman has had her coffee problem—"bad coffee, medium coffee, coffee that was never twice the same."

A million women have solved the problem by serving Arbuckles'. Get a package of Arbuckles' Coffee today and see why.

Everyone likes it. Morning after morning a million men praise it for its fine, full flavor. Women depend on it. In all these homes, it helps make breakfast a complete success.

Read what a few of these women say:

"I recommend Arbuckles' Coffee to my friends. I buy it all the time because it is better coffee."—Miss B., Mercer, Ky.

"I use Arbuckles' because it is stronger than 35c coffee, and Arbuckles' packages are full 16 oz."—Mrs. V., Coldwater, Kans.

"I have been using Arbuckles' Coffee for years. I think it is the only coffee fit to drink."—Mrs. A. C. W., Lay, Colo.

"We have used Arbuckles' Coffee for ten years, and have not yet found its superior or equal."—Miss H., Bessemer, Ala.

"The finest cup of coffee I ever tasted!" Like these million other women you can have your husband say this. Isn't that satisfaction worth a little time and effort—wouldn't it be worth while even to make a special trip to the grocery store for a package of that fresh, full flavored coffee a million other men are enjoying?

Have it tomorrow. He will praise it morning after morning. When you serve Arbuckles' you will know why it has solved the coffee problem in over a million homes.

There are hundreds of varieties of coffee grown. To get the result you want, the coffee itself must be right. Arbuckles' Coffee is. It is put up by Arbuckle Bros., the greatest coffee merchants in the world. They can give you greater value in coffee than anyone else. No wonder Arbuckles' is the most popular coffee in America today!

GENERAL NEWSNOTES

Henry Ford to-day announced that he would vote for Woodrow Wilson for President. "I'm for Wilson," said Ford; "because he is onto the interests—the 'unseen hand' that seek to control Government—and is holding them off is proven by his refusal to rush into war with Mexico sacrificing the lives of thousands of young Americans to save the dollars that Wall street invested in Mexico on a gamble.

The Universal Car

It is not in the show room or on the broad smooth boulevards where the Ford has proven its worth.

It is not to the famed mechanics and chauffeurs that the Ford has shown its superior construction and established its remarkable and unequalled records.

It is out on the bad roads as well as the good, out in the hills and mountains where its reputation has been secured; driven by just ordinary people.

There Is Not a Single Plausible Reason Why You Should Not Buy a Ford.

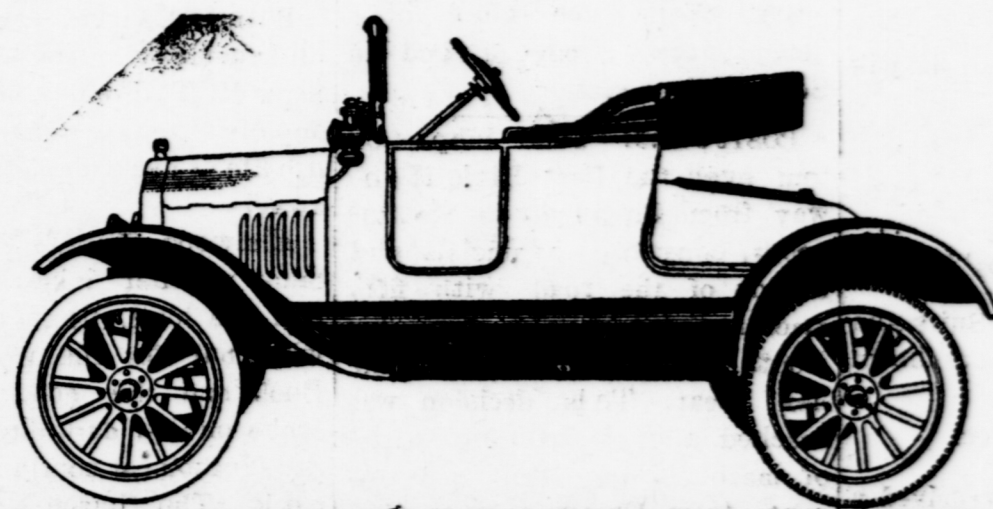

What if your roads are bad? With a Ford you can get over them easier, quicker, yes! cheaper than you can with a horse and buggy. They are made to meet adverse road conditions and they do meet them successfully. Over one and a half million Ford Owners will testify to the fact.

THE NEW MODEL FORD

Better than ever. Stream line Hood, Crown Fenders, Black finish, snappy in appearance and underneath in the everlasting Ford Vanadium Steel Chassis; strength and durability with service. Always ready in all seasons of the year to deliver all reasonable demands—Ever economical, about two cents per mile for operation add maintenance and Ford Service for owners as universal as Ford Cars.

By virtue of a judgment and order of sale of the Rockcastle Circuit Court, rendered at the August term thereof, 1916, in the above cause, I shall offer for sale at the court house door in Mt. Vernon, Ky., to the highest and best bidder, at public auction, on Monday, October 23, 1916, being the first day of a regular term of the Rockcastle County Court, between the hours of 11 a. m. and 3 p. m. upon a credit of six months, the following described property to-wit:

A tract of land in Rockcastle County, on the waters of Skeggs Creek and described as follows:
Bounded on the north by the lands of Martha and F. P. Kirby to an agreed corner stone set up near three walnuts near the creek; thence east intersecting with the old Robert Langford line about fifteen steps from the branch; thence with said line back with Frank Kirby's 50 acre survey to a stake; thence with said line to a poplar corner; thence south to two oaks and a poplar corner between the lines of said Langford and Kirby; thence with said line to the creek; the beginning corner, containing 10 acres, more or less, or sufficient thereof to produce the sum of \$35.40 and the further sum of \$65.82, \$41.32 and \$39.16 and the cost of this action.

For the purchase price the purchaser must execute bond, with approved surety, bearing legal interest from day of sale until paid and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

G. S. Griffin,
Master Commissioner,
Rockcastle Circuit Court.
